

AKASH MUHAMMAD ABRRAR

FRONTEND WEB DEVELOPER

Mohakhalil, Dhaka, Bangladesh || madborakash48@gamil.com

phone: +88 01758472952 [portfolio website:](#)

SUMMARY:

Dynamic Frontend Engineer specializing in modern web technologies including JavaScript, TypeScript, React.js, and Next.js. Experienced in building optimized, mobile-first web platforms and integrating complex APIs to elevate user engagement. Committed to continuous learning and leveraging advanced frontend architectures to drive business success in a growth-driven team

CORE TECHNICAL SKILLS:

Experienced Frontend Web Developer

- Frontend Development: JavaScript (ES6+), TypeScript, React.js, Next.js
 - State & Data Management: Redux Toolkit, TanStack Query (React Query), Context API
 - Backend & Databases: Node.js, Express.js, PostgreSQL, Prisma ORM, RESTful APIs
 - Design & Animation: Framer Motion, GSAP, Three.js (Foundational), Responsive Design
 - Architecture & Methodology: Modular Design Pattern, Component-Driven Development
 - Tools & Ecosystem: Git, GitHub, NPM/PNPM, Postman
-

WORK EXPERIENCE:

Frontend Web Developer | Softvence Agency, Dhaka | May 2025 – Present

- Delivered 22+ high-quality web applications using React.js and Next.js, consistently maintaining a 100% client satisfaction rate.
- Communicated directly with international clients in fluent English to gather technical requirements, present project demos, and manage delivery expectations.
- Collaborated within an Agile team environment to sprint plan, review code, and ship feature-ready products under tight deadlines.
- Architected scalable user interfaces using modern state management tools, ensuring seamless data flow and optimal responsive performance.

PROJECTS:

Thundra | AI-Driven E-Commerce Platform | [GitHub](#) | [Live Site](#)

- Delivered 22+ high-quality web applications using React.js and Next.js, consistently maintaining a 100% client satisfaction rate.
- Communicated directly with international clients in fluent English to gather technical requirements, present project demos, and manage delivery expectations.
- Collaborated within an Agile team environment to sprint plan, review code, and ship feature-ready products under tight deadlines.
- Architected scalable user interfaces using modern state management tools, ensuring seamless data flow and optimal responsive performance.

Thari Finance | AI-Driven Shariah Compliance & Stock Analytics Platform

[|GitHub](#) | [Live Site](#)

- Tech Stack: Next.js, Redux Toolkit, AI API Integration, RESTful APIs
 - Integrated Zoya's premium third-party API to stream real-time stock market data, utilizing Redux Toolkit to manage instant Shariah compliance state updates.
 - Engineered an AI-powered financial analyzer to process complex stock data patterns and deliver automated compliance summaries directly to users.
 - Built a centralized Admin Dashboard featuring complete system configuration overrides, user subscription controls, and analytical data grids.
-

NextGen Pros | Football Scouting & Management Platform | [GitHub](#) | [Live Site](#)

- Tech Stack: Next.js 15, Redux Toolkit, Tailwind CSS, shadcn/ui
- Built a 4-dashboard ecosystem with secure, role-based access control tailored for Admins, Players, Scouts, and Clubs.
- Engineered a Redux-driven design system allowing real-time theme customization and dynamic brand color overrides across the platform.
- Developed admin modules to manage monetization settings, user profile-boosting requests, and operational analytics.

EDUCATION:

- Bachelor of Arts (BA) in Philosophy (Honors)
- National University of Bangladesh | Graduation Year: 2025
- Higher Secondary Certificate (HSC)
- Govt. Barhamgonj College, Shibchar, Madaripur | Passing Year: 2018
- Complete Web Development (Level 2) | Programming Hero (2025)
- MERN Stack & Advanced Frontend Engineering (Level 1) | Programming Hero (2024)
- Computer Office Applications Certification | Bangladesh Post Office (Daak Bivag) (2018)

LANGUAGES:

- English: Fluent / Full Professional Proficiency (International Client-Facing)
- Bengali: Native or Bilingual Proficiency
